And now as tears subside, I find it all so amusing to think I did all that and may I say not in a shy way, oh no not me, I did it my way. For what is a man, what has he got? If not himself, then he has not to say the things he truly feels and not the words of one who kneels. The record shows I took my blows and did it my way."

WASHINGTON, D.C.

CHICAGO,

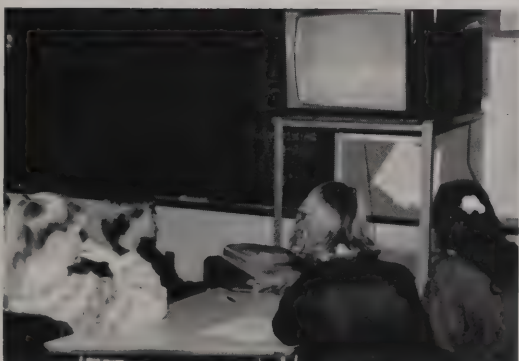

NHS REACTION TO THE GULF CRISIS

The school year of 1990-91 commenced while Operation Desert Shield was underway. Thousands of American soldiers were called upon to serve in the Persian Gulf, many of them friends and family members of the students and faculty of NHS. The attack on Baghdad on January 16, 1991 marked the beginning of Operation Desert Storm and extreme concern within the high school. Concerned students prompted the school to respond to the situation by informing the students. Televisions tuned in to news stations were placed in classrooms and in the spine so that students and faculty could keep themselves informed about new occurrences. A panel of teachers and students was formed for an information session about the crisis in the Gulf. And signs, arm bands, and yellow ribbons in the hallways symbolized the students' concern for the soldiers in the Middle East.

JOURNEY INTO THE NIGHT

What a lucky guy!

On May 11, 1990, Norwell High School had a night to remember at the Pembroke Country Club. Senior, Sean Fogarty and Junior, Laurie Logrippio, were crowned King and Queen, accompanied by Becky Ennis and Dawn Gratto as the court. The night had a large turnout and was a great success. The setting, the music, and the dancing created a perfect night.

This one's for you!

Everybody smile!

All the way from Spain. Hola!

PROM 1990

M*A*S*H*

The 1990 spring production of M*A*S*H was a huge success. Directed by Carol Beal and student-directed by senior Lee Townsend, N.H.S. students successfully portrayed what medical field life was like during the Korean War. Many returning actors and new actors were present as well as some behind the scenes people who tried their hands at acting. Thanks to them, all had a great time watching the production and an even better time rehearsing it.

It's a boy!!

You want us to do what???

AWARDS ASSEMBLY

At the end of the year, Norwell High School held the annual awards ceremony. As a new addition to the ceremony, the parents of the winning students were invited to the ceremony and to a reception held after the presentation of the awards. Some of the students who won numerous awards were Julie Hogan, Kristin Collins, Derek Sulc, Thomas McAlear, Ted Healey, and Jeanne Doherty.

Can you guess what we are?

NATIONAL HONOR SOCIETY

Waiting anxiously!

Leadership!

We did it!

Thanks Ms. Rosenberg

On April 25, 1990, Norwell High School inducted an outstanding group of students into the National Honor Society. This excellent group of inductees, two of whom were foreign exchange students, maintained academic excellence for three years. Their membership is based on Scholarship, Leadership, Service, and character. As part of their membership they must perform a number of school activities and even more helpful community services. These students have worked hard and have come a long way for this rewarding honor.

Congratulations NHS for such great achievements!

SPIRIT CLUB

The Norwell High Spirit Club is an organization of many students who are responsible for the posters and large cheering sections at the sports events. The students are also responsible for the skits performed during the pep rally.

DRAMA CLUB

The Drama Club performs three plays each school year, including a musical, a usual two-act play and a third one-act play performed for the Festival Competition in the winter. Students can participate either onstage or backstage.

STUDENT GOVERNMENT

Student Government is a group of students elected by their peers to represent them throughout the school year. The organization is made up of two students from each homeroom as well as the elected officials from SAC/RAC.

SAC/RAC

The School Advisor Council and the Regional Advisory Council attend the scheduled school board meetings representing the students of Norwell High. After each meeting, they report back to the Student Government and discuss the events which have transpired.

ART CLUB

The Art Club is a group of students who meet after school on a regular basis to work on various projects. To join one need not take art or be particularly talented, but merely have a creative interest in the subject and a need to express themselves constructively.

CHEM CLUB

Chem Club is made up of chemistry students who have maintained a sufficient grade-point average in the class to be selected to participate in the "induction ceremony." Once invited to join the club, the student is a life time member and card holder.

CHORUS

Chorus is an afterschool club during which several students join together and rehearse songs which will be performed for the students and their parents at one point during the holiday season and at another toward the closing of the school year.

BAND

The Band at Norwell High is a multi-purpose group which not only performs during the concerts, but during the football games as well. The band not only consists of the usual instruments like clarinets and percussion, but also guitars and keyboards. This year the band is attempting to finance a trip to Washington.

FRENCH CLUB

During the year, numerous bake sales will be held to raise money for the French Club. The students elect officials to hold the positions of president and vice president, etc. Certain members of the French Club who have taken the course for an allotted time are chosen to go to France on an exchange.

SPANISH CLUB

Much like the French Club, the Spanish Club holds fundraisers for their cause as well. These students raise money to sponsor an underprivileged child in Spain by selling candy and giftwrap supplies. They too have an opportunity to participate in an exchange program.

MATH CLUB

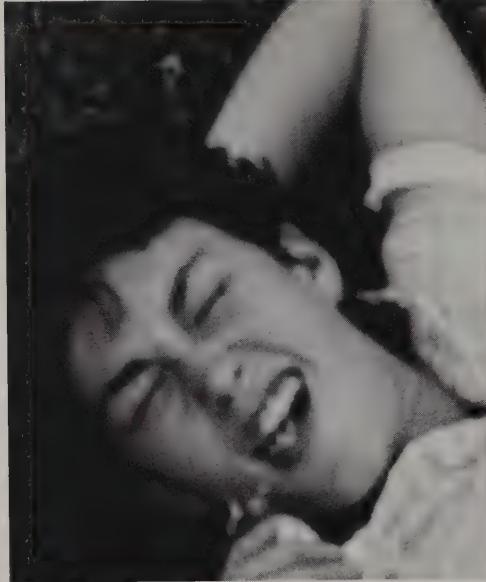

The math club consists of various students in the school from almost every different grade. The students compete with students from other schools in math meets. During these meets, an allotted time is set for them to solve various, complex problems.

HIGHLIGHTS

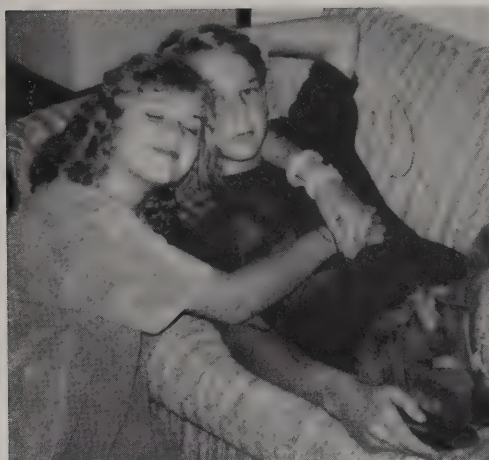

Norwell *Highlights* is the newspaper put out by the students each month. Using the computers, the students formulate articles and photo layouts which are researched by the interested parties. Many editors are responsible for these articles and great publications.

Strike a pose

Anything for a little money

Dear Class of '91:

Do you remember that day almost four long years ago, when we entered the brown and grey building for the first time, as unsuspecting freshmen? Remember how confusing the building seemed, and how big and old the seniors were? Now that our time is almost up, and soon we will be free, isn't it right to think back to the many events which have made our journey as memorable, as unique, and as outstanding as it was?

Who could forget freshman year - the Canobie Lake Trip; IPS w/ Mr. Healy; and just getting used to the high school routine.

As we journeyed through sophomore year, we all dissected pigs in bio, and had speech w/ Mrs. Beal. Some of us travelled to Italy and we all went to see "The Crucible."

During junior year, most of us got our licenses; and we were all so happy to finally stop riding the "loser Cruiser" to and from school every day. Some students journeyed to France and the French kids visited N.H.S. No one will ever forget Chem. w/ Erno or going to the prom.

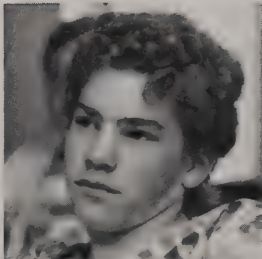

Finally, we reached senior year! We panicked as we applied to colleges; we had a great time on the Senior Cruise; and proudly wore our 'Class of '91' shirts.

Now, as our four year journey together comes to an end and everyone leaves N.H.S. we would like to thank the people who made this yearbook possible. Thanks to Mrs. Dunn, the yearbook editors and staff. Also, thanks to the Class of 1991. We hope that our efforts will help you remember our journey together, and wish you the best for all those journeys yet to come.
